Professional Services

Those who provide professional services must meet the highest standards of ethical responsibility and excellence in their fields—and they expect no less from their lawyers. It is Cosgrave's honor to be called on regularly to defend the expertise of professionals in many different industries.

Our own professional excellence as lawyers is focused industry knowledge and integrity. For decades, Cosgrave has helped professionals achieve favorable results in mediations, at trial, and on appeal. Our clients include lawyers, engineers, accountants, and architects, to name a few.

In addition to defending professionals, we also advise them on day-to-day issues such as business formation, lease review, succession planning, asset purchase or sale, tax planning, employment law, and claims risk management.

Cosgrave attorneys with particular experience and talent in the defense of professionals include:

- Andrew Burns, who has handled many construction engineering and architecture negligence claims.
- Paul Berg, Nicole Nowlin, and Amber Beyer, who all have significant experience defending complex legal malpractice claims.
